

## The authentic taste of Italy

ARE you looking for an authentic Italian experience?

La Casina Dunsborough Restaurant is the place to go.

Located in stunning bushland halfway between Dunsborough and Yallingup, the venue offers diners plenty of rustic charm in a relaxed setting.

Husband and wife team Alan and Nicola Fenati have gathered a hoard of experience working in some of the finest establishments in London, Spain and Italy.

Now the owners and managers of La Casina, and with Mrs Fenati as head chef, they specialise in traditional and contemporary Italian food with a focus on handcrafted meals, including pasta, gnocchi, bread and focaccia made onsite daily.

Each seasonal menu is created using the Margaret River Region's freshest local produce.

Following a recent trip to Italy, the Fenatis are ready to launch their next menu with exciting new ideas and ingre-

dients. "We are catering for everyone," Mr Fenati said.

"Whether you are heading out for a romantic dinner, or with the kids, there is something to suit your tastes."

As well as a children's menu, there is a children's play area, ensuring they stay happy during your visit. Meanwhile, parents can enjoy their pick of Australian wines from the menu.

The restaurant is perfect in any season, with a fireplace and cosy interior for winter, while the picturesque alfresco terrace ensures it is a summer favourite.

Getting married? Having a birthday? La Casina also hosts various functions with a set menu or a degustation menu.

The restaurant is open for dinner seven days from 5.30pm, or for lunches on Fridays, Saturdays and Sundays, noon-2.30pm.
